GREAT ARCTURUS

Great Arcturus, God of splendor;
Elohim of Violet Fire!
Anchor now Thy victory through us—
To be like Thee—we aspire.

Violet Fire of God's perfection,
Dear Arcturus now controls;
Cosmic Flame of Resurrection—
In Its heart our Earth It holds.

Great Arcturus, for Earth's Victory,
Now Thy Violet Fire release;
By Thy great transmuting power,
Change all discord into peace!

Free our Earth and all upon It
From all never meant to be;
All the Angels, Elementals—
All on Earth now worship Thee!

God of glory, Light resplendent,
In Thy radiance let all live;
Through Thy Ray in every forehead—
Light expand and wrongs forgive!

Thine the power; Thine the glory;
Thine the Victory—God-success!
We call for Thee and Thy Loved One,
All God's gifts of happiness.

HYMN TUNE: (First lines)

"Jesus calls us o'er the tumult
Of our life's tempestuous sea . . ."

Dec. 26, 1954

I AM the Elohim of INVOCATION and RHYTHM Who brings to you and all life—through the use of the Violet Fire—Infinite FREEDOM, *when you desire It enough!*

From interstellar space, through all the planets belonging to this System, I am constantly looking for those lifestreams who desire FREEDOM—FREEDOM from illness, limitation and distress of every kind! Where will you find that FREEDOM? Right within your own life! In the beginning of your individualization, God created your Divine Self-conscious Intelligence—your own individualized “I Am”—a White Fire Being from the Universal First Cause, with the capacity to draw forth from life every God-gift you might ever require to be able to manifest perfection. In the great Eternal Scheme of things, I am He Who answers the call of the heart-beat of any individual when that heart, *deeply and sincerely*

from within itself, desires to release life which has become bound; giving it FREEDOM from disease, from lack, from fear and limitation of every kind and description. *Within that life itself* is the fullness—the fullness—the fullness of Almighty God!

This Christmas Class is dedicated entirely to *the bringing into your feeling worlds the realization that within your own life is every quality and power* you could ever possibly require to bring about God-mastery for your self and for your fellowman.

How I love you—Sons and Daughters of FREEDOM! You are those who have chosen to give of your own life energy, in commanding and demanding from the Universal Law, gifts, powers and blessings for this recalcitrant race; for this Earth which We originally created in such perfection; which We designed in such love; which We fed with such constancy and which has fallen into such shadows that It actually groans as it turns heavily upon Its axis.

Life (which is light-essence) quiescent, contains within Itself *all the power* of the Universal First Cause which created the System, the Galaxy and the entire Universe to which you belong. This same life (light) flows from the heart of the Great Central Sun through your own White Fire Being; then through your “I Am” Presence into and through your physical heart, animating your world. *Within that light, beloved ones, is anything and*

everything that you require! From that same primal life and light We created the planet on which you presently abide; as well as all the planets of this System. From that light do Helios and Vesta give to you the radiation of the Sun in the Heavens. From that same life has the Beloved Jesus given you the miracles, marvels and mastery which mankind recognizes with more than ordinary feeling of gratitude at the Christmas Season.

Develop Your Own God-qualities from Within

Today, I urge you with all the intensity and pressure of My Being, to *develop your life*—develop the qualities of perfection which are within it. Call forth what you wish from the heart of that life which flows from the Universal and call to Me, if you wish to release into outer manifestation from within your own life, whatever powers, qualities, gifts and activities are required to perfect your own individual world and that of your fellowman. Wherever there is one lifestream who sincerely desires FREEDOM and in constant RHYTHM *invokes and commands it*, there shall I be to give that one assistance until that FREEDOM is physically manifest.

In the drawing forth and developing of Our Solar System, the Seven Elohim (Who are the Builders of Creation) are well qualified to bring to you an understanding of the *conscious power*

of Precipitation. Today, through this magnificent "forcefield", We are writing upon your life consciousness with the energy of Our feelings; giving you an explanation of the very activities in which We engaged while drawing forth this Universe from primal light. You, in turn, may give this gift to mankind. The radiation, power and powers of the Seven Elohim and the constant application of the Seven Steps to Precipitation (if rhythmically and conscientiously called forth) will bring the lifestreams on this planet to mastery in the Power of Precipitation. We cannot urge you too strongly to *follow through* with the concentration upon the pattern you desire to manifest; to contemplate that pattern in its completeness and then to practice, *practice, practice* until that precipitation, following along through the "steps" We have given you, is made physically manifest—out-pictured as the perfection of the design which you have been holding in your mind.

Seven Steps to Precipitation

Let Me review again the activities of the Elohim so that I may show you where My part in the Cosmic building fits in.

FIRST: The Mighty Hercules' WILL TO DO (DECISION). Nothing ever can be accomplished here or anywhere else until the lifestream (ascended or unascended) wills within itself to

do; to act; to co-operate with some portion of the God-intelligence.

SECOND: Then comes the quality of Cassiopea, with His power of PERCEPTION (ILLUMINATION), showing one the perfect thing to do; getting the clear picture of the pattern or design to be precipitated.

THIRD: Next comes the LOVE of the Mighty Orion, holding constantly to the original pattern and vision of perfection and feeding the feelings of Divine LOVE and light into it, until the complete manifestation appears.

FOURTH: Then comes the PURITY of Beloved Claire (Elohim of Purity), holding the perfect pattern steady and unchanged; holding to the purity and symmetry of the original design.

FIFTH: Then comes the quality of Vista—CONCENTRATION (and CONSECRATION)—the power to stay with one pattern and one idea until it is lowered into form, instead of letting the mind flit from one design to another; for, *in such procedure, nothing at all is made manifest.* You see, it is in the following through with the mathematical Science of Precipitation that you gain mastery and results.

SIXTH: As Our Beloved Brother, the Elohim of Peace, serves life upon the Sixth Ray, ordinarily His activities would come next. However, in the activities of Precipitation, although I work upon the Seventh Ray, My quality of INVOCA-

TION IN RHYTHM comes next and takes sixth place here; and the

SEVENTH: is the sealing of the entire manifestation in the feelings of GOD-PEACE from the Elohim of Peace Himself. So far as the power of Precipitation is concerned, the activities of Our two Rays are inverted.

Rhythm of Application—So Very Essential

As I stated above, My specific contribution to the building of form is the activity of INVOCA-TION IN RHYTHM; of the constant feeding of the desired form to be out-pictured with life energy, until it is not only a manifest thing but symmetrically perfect as well. You see, *the constancy of RHYTHM gives symmetry to the form to be manifest.* RHYTHM and constancy of application are absolutely essential to bring about the manifestation of your desired design.

If you will observe Nature, you will easily recognize the absolute RHYTHM by which all creation takes place; the rising and setting of the Sun; the incoming and outgoing of the tides; the re-current seasons—all in an absolute and perfect RHYTHM. Those of you who have any practical knowledge of the value of rhythmic, deep breathing, will understand that, in the balanced RHYTHM produced in the four lower bodies by the use of the deep and majestic breath, there could be no inharmony remain in your feeling

world for any length of time. For those who are subject to the expression of violent emotions, I can but recommend the practice of deep and *rhythmic* breathing; for you will find it an impossibility to stay in a state of discordant agitation if you will use the deep and *rhythmic* breath—*feeling that you breathe the breath of the Almighty Creator Himself*. This slows down those agitated vibrations of the surging sea of emotion.

In the early Golden Ages, beloved ones, when the Archangels and the Ascended Masters *just naturally* walked and talked with unascended mankind, the magnificent perfection which was drawn forth by the power of INVOCATION was brought about because of the understanding of the necessity for RHYTHM OF INVOCATION and application. This was necessary in order to have a constancy of outflow of the energy from above. This constancy of the release of perfection called forth from the God-head made it possible for the atmosphere of Earth to be kept completely free from disease, disintegration and all manner of human shadow.

In the world of form, mankind pays fairly regular attention to the RHYTHM of feeding the body; to the RHYTHM of doing that which affects the comfort of the outer self; but, in the most important of all—his spiritual activities—RHYTHM is pretty thoroughly forgotten! The science of constancy of prayer and application is seldom seen. However, to draw forth a sus-

tained, visible Flame into the physical appearance world from the Inner Realms, would require a sanctified, consciously dedicated and consecrated group of lifestreams who, rhythmically, at a certain given hour, repeated day after day, would draw forth by decree and invocation that mighty concentrate from whence the Flame would burst forth into visibility.

It is the same with your *individual* application. If you were to observe a certain RHYTHM and make your application (your individual calls) at the same hour every day, you would draw a much greater concentrate of power and quicker accomplishment than you do when you make your application fit into the free hours which each day may choose to give you. It is the RHYTHM of the "mass" of the Catholic Church and the RHYTHM of the various Christian religious services all through the centuries which has held the power of the Christian Dispensation thus far. When you observe that same RHYTHM in your working hours; your time for sleep; your time for relaxation—holding to that symmetry which Nature has given you (eight hours for service, eight hours for sleep, eight hours for relaxation)—you will have greater harmony in your feelings; better health in your bodies; and you will be able to draw forth from within your own life much greater perfection than you can in spasmodic endeavors at either work or play.

In the creation of this planet Earth, it was the

joyous, willing desire of all of the Elohim to come together *rhythmically* at a given time—for the time being forgetting, mind you, all of the activities in which Their consciousnesses were engaged in the creation of other planets in other Systems or Galaxies. They poured Their life into the design given Them by Beloved Helios and Vesta until the planet was completed. It was that unbroken RHYTHM of application on Their part which made the Earth so perfect in Its symmetry and design; so beautiful and shining in Its essence and so magnificent a place for mankind to be able to take embodiment.

"Keep On Keeping On"

You see, nothing but your own "giving up"—abandoning your project before it is completed—can possibly prevent your eventual precipitation. When once the RHYTHM has been established, *stay with your pattern* until the energy required flows into it, in *rhythmic* release!

Throughout the ages, mankind (even spiritually inclined souls with great light), for some reason or other, refuse to accept the truth that—*if you follow through with precision* the seven "steps" (powers) of the Elohim in creation—you *must have manifestation*; that is, of course, unless you stop your RHYTHM before manifestation appears! If We had ceased Our activities even *one hour before* the Earth was completed, all of Our

work of such a long time would have been in vain (and I shall not tell you just how long We gave Our service to the creation of this planet). Also, had We discontinued Our RHYTHM before the Earth's completion, the planet would have begun to disintegrate and return to the unformed. We continued and continued—RHYTHM after RHYTHM—making no mental note at all of just how long it would take. We just came back again and again, *rhythmically* pouring Our light, love and visualizations of perfection, even if it were to take the rest of eternity! *We just loved that which We were doing*. Then, one day, I remember it so clearly—IT WAS COMPLETED! The Earth began to revolve on Her axis and We heard the words: "It is finished"!

So it is the same in every application—from the smallest personal thing with which you may desire to experiment in precipitation in your home life, to the greatest Cosmic endeavor which may take in the evolution of an entire Galaxy. If you will "keep on keeping on",—observing the Laws from the Spiritual Octaves as They have been given to Us and as We now give them to you, *you must have manifestation!* We will help you if you wish Us to do so. *Make your call to Us and We will answer you!* Then, when your precipitation lies visible and tangible within your hands or stands completed before you, will you know that it did not come to you by happenstance and that

it is not just a gift of faith. You will know that it is a precipitation direct from the Universal.

Let us here again consider those "Seven Steps":

First: There must come your WILL (DECISION) to have it;

Second: There must come your PERCEPTION (ILLUMINATION) of what you wish to precipitate;

Third: You must LOVE to create it;

Fourth: You must have PURITY of consciousness to hold your pattern untouched by any imperfection or the changing of its design;

Fifth: There must be CONCENTRATION upon your original design;

Seventh: There must be RHYTHM of application in decree and silent mental thought-force; and

Sixth: Your feeling of God-PEACE must case it around to hold its perfection protected and sustained. Call to the Elohim of Peace to so seal your manifestation in His Flame of Cosmic Christ Peace, that disintegration never touches it and until such time as it has completed the service for which it was created.

When any form has completed its blessing to this world and thereby served its purpose, the process of Etherealization is the dignified way for it to be disintegrated and its component parts return to the Universal from whence it came,—not through the processes of decay and fermentation. That substance should be released as We do

it in Our Octave, through the direction into it of the Freedom Flame (Violet Transmuting Flame) in gratitude for Its service. As the Violet Fire is projected into the heart of the manifestation to be released, the magnetic pull upon the electrons which have been held there releases and the electrons return to the Sun for re-polarization. So should all things of this world be sent back to the Universal First Cause when they have completed the service for which they were originally brought into being.

Explanation of Violet Fire

Although, of course, the power of INVOCATION may be used to draw forth any God-virtue and blessing for the benefaction of the race, I am primarily stationed, spiritual speaking, at the apex of the Seventh Ray—drawing forth and directing the Violet Ray and Flame to every Sphere; as well as into every consciousness which requires purification and sublimation (refining by fire).

Much more will be learned about the Violet Ray and Flame by the people of Earth in the near future. Its *main* purpose and use on this planet is to purify energy which has been discordantly qualified through the use of the free-will of self-conscious intelligences. Such purification raises the vibrations of the energy concerned, returning it to its original light-essence. Then that same energy may be requalified and used again to pro-

duce and express perfection in some form. The use of the Violet Flame as a purifying and sublimating agent is required only where distortion of form has resulted through imperfect experimentation with the powers of creation; or where form has served the purpose and use for which it was originally made manifest. Elsewhere, the Violet Ray and Flame can and do render a different service from that which they give to the Earth but this is not of particular interest or use to the people of this planet at this time.

The Violet Ray and Flame are activities of the Sacred Fire. They are energy specifically qualified by Divine Beings to act in the world and experience of any and all who will accept and use Them to purify and return to its original perfection, the energy which is now imprisoned here in discordant mis-creations of the past. The Violet Flame has been feared by mankind because the mis-qualified energy which surrounds them does not like the thought of purification or change. Thus, until very recently, Its knowledge and use was not given to students outside of an Ascended Masters' Retreat, where the positive radiation of the Ascended Master could hold such fear in check until the student felt the confidence, comfort and efficacy of the use of that Violet Fire.

The present Chohan of the Seventh Ray (the Ascended Master Saint Germain) is the Representative of this Violet Ray and Flame to the Earth for the next Cosmic Cycle of 2000 years. When He

can secure the *full acceptance* in the *feelings* of the students of the reality and efficacy of Its use, the Earth's redemption will be greatly accelerated.

Saint Germain, Zadkiel (Archangel of the Violet Fire), Holy Amethyst (Twin-Flame of Beloved Zadkiel) and Myself (Elohim of Violet Fire) are all serving together without cessation at this time, to bring the knowledge and conscious use of the Violet Fire to the outer consciousness of those of mankind who are interested in the planetary cleansing and redemption of the Earth *now*.

In this connection, of course, the first step is to get the student to accept *even intellectually* the reality of the Violet Ray and Flame; as well as the reality of the mighty Beings Who wield Its powers at Inner Levels.

The next step is to encourage the student to consciously use the Violet Flame individually and, collectively in groups, until they actually *feel* and *see* its efficacy in their own worlds, as well as on a planetary scale.

To this end I am dedicated. Call to Me and let Me show you how comfortable, how relaxing, how practically efficacious this Violet Ray and Flame can be to you now.

At Inner Levels, unascended beings are offered the knowledge and conscious use of the Violet Flame when they profess a desire to want to progress upon life's pathway and are shown the accumulation of discordantly qualified energy of

their own life essence which prevents further progress until such substance is transmuted into light. This purification (which is a self-conscious application of the individual's own lifestream) has been referred to by the Church as "Purgatory", which simply means "a place of purging or purification". However, this idea has been confused with the "Flames of Hell" and unfortunately, this distortion of the Truth has created even greater fear in the souls of men. Where it is recorded in the Bible that the Earth will be consumed by fire in the "latter days", it is merely meant to signify that the Violet Flame will be used to transmute all imperfection in the Earth, on the Earth and in Its atmosphere.

When consciously called into action, the Violet Ray is directed downward by the Being in charge thereof and, as the student accepts and uses It, It blazes up in through and around him as a living *Flame* of Divine Love, Forgiveness and Mercy; cleansing not only his physical imperfections, but also the impurities in the etheric, mental and emotional bodies.

Use of Violet Flame

To use this Flame, visualize the clearest, most beautiful, brilliant shade of violet you can. See, as well as feel It, blazing up, in, through and around you. To intensify the power of this Flame through your world, picture it deeper and deeper in color

until you have a brilliant, deep purple Flame. Its faithful use will bring you peace. Rejoice in the mercy of Its presence and Its willingness to set you free. *Let go* of your distresses, known and unknown and *see just what the Violet Flame can and will do for you!* I CHALLENGE YOU! USE IT! WE SHALL HELP YOU!

You already have released in printed form for the blessing of all who care to benefit by it, the book containing the addresses of the Seven Archangels, which book brings Their feelings of victorious accomplishment to you. Now We bring to you Our loving instruction on the concentrated power of Precipitation and, with the coming of Our Beloved Elohim of Peace, Who will give the final address in Our present series, you will have had charged into your etheric bodies, your minds and your feeling worlds, some of Our consciousness of these "Seven Steps to Precipitation"; at least as much as you are able to receive at this time.

I expect you to follow through these steps of the activities of Precipitation and, one day, standing before Me with your perfect precipitation completed, say: "Master, here is one of the results of the instruction You have given me". I expect this of you because you are men and women who love FREEDOM; who are consecrated to FREEDOM. You have said so many times yourselves—"I am a son (or a daughter) of FREEDOM". By that very statement you have bound yourselves to My heart. You have become part of My world and I shall

not rest until you have freed from within your own life and fully expressed the perfection of your own God-quality (the purpose for which you came into being) and until there have been drawn forth into, through and around this dear Earth all the God-powers which are required to re-establish perfection upon this planet. When We look upon the face of this sweet Earth and see what destruction has been brought about upon Her—what a pity! What a shame! Yet, at the same time, We are so grateful that even a “handful” of people among all mankind care enough about Her plight to want to restore Her to Her pristine perfection again.

At a Great Cosmic Council sometime ago, the Beloved Virgo (the Being known to you as “Mother Earth”) stood alone before the Great Karmic Board and as She did, every Ascended Master and Great Cosmic Being present knelt before Her in loving gratitude and adoration for Her patience, love and spiritual hospitality to a race which even the Karmic Board Itself had decided could not survive. Beloved ones, among those present, there stood unascended beings—your dear selves—with your faces shining; your hearts dedicated; your spirits alive with the love for the Earth and even the Karmic Board were stirred deeply. This enabled dispensations to be given for the Earth which would delight your hearts—dispensations to give this planet and Her people more freedom.

I am told that you wish your complete freedom from those “seven mortal sins” which have become rooted in the consciousness of mankind. Do you? (Audience rises) Thank you! Now, in the Name of Almighty God; in the Name of the Seven Mighty Elohim of Creation; in the Name of the Seven Archangels and Their Archaii; in the Name of the Seven Chohans of the Seven Rays and All Who serve with Us— I AM that Freedom! I AM that Freedom! I AM that Freedom! from those activities which represent the sins of men, for these here assembled and all who will call to Me in the future. In the Name of God, I command those sins to LET GO! LET GO! LET GO! LET GO! LET GO! LET GO! LET GO! and IT IS DONE! IT IS DONE! IT IS DONE! *Consciously accept this done now for you—with full power!* Thank you and Good morning!
