Compel perfection
And God-supply and God-control and everything that brings
God's Plan fulfilled for all!

And bring us instantaneous proof of God-in-action!
From Thee Victory flows—
Releasing everything that brings God-satisfaction!
Angels living here
Rejoice to feel and know Thy freeing, loving Presence;
And Elementals—
Their happiness and joy are boundless at the sound of Thy
dear voice resounding clear!

I

Sept. 5, 1954

IN the Name of God, I bring you the FIRE of Hercules!

I AM the Elohim Who embodies the WILL TO DO! I AM the Elohim of DECISION—and God spare me the vacillating man! Everything that has ever been accomplished on the plane of Earth or in the plane of Heaven has been accomplished by men and women of Decision; by Angels, Elementals and Devas of Decision; by Beings Who have voluntarily chosen to combine the energies of Their lives with the WILL TO DO! *Without that WILL TO DO, there is no permanence of accomplishment!*

Preceding all action; preceding all manifestation, *there must be the WILL TO DO within the consciousness.* In this Universal Scheme, it is My privilege and honor to embody the fire (enthusiasm) and the WILL TO DO that which God intends. It is My joy, My privilege and My honor

this morning to bring to you the pressure of My love and Flame of My heart; to expand upon your foreheads My Presence, Consciousness and WILL TO DO what God intends!

Are you content with what you are; what you manifest today? Are you content with half a loaf when you could have a full one? Are you content to live in limitations and bodies of decay? *It is what you WILL that you manifest!*

FIRE, O God! the Flame of Decision upon the foreheads of these who are yet the best of the fruits and harvest of My Ray and Kingdom on the Earth. FIRE them with the WILL TO BE what Thy great heart would have them be! FIRE that Flame upon their foreheads until they WILL to be the opulent, precipitating Presence; until they WILL to be the dignified embodied youth of God; until they WILL to set aside disease, decay and death and *know LIFE*; until they WILL to embody uninterrupted harmony in the energies of their being.

No longer shall the Heart of Hercules represented by certain chelas embodied on Earth, WILL to abide in shadows! Shame! FIRE them with the remembrance of their God-estate, O God! FIRE them with the WILL to become manifest expressions of God-control to all the sons and daughters of men—Masters—not *victims*—of circumstance!

FIRE them to see with the sight of God! FIRE them to hear the Celestial Voice of their Presence! FIRE them to move upon the Paths of Light!

FIRE them to manifest the Healing Presence by the release of the radiation of comfort and peace which flows from "the hems of their garments"! FIRE them to reject the lethargy and discordant creations of the mass consciousness of the race!

O, beloved students of Light! *Upon your forehead blazes the Flame of Hercules!* Remember It each morning, acknowledge It before you proceed into the activities of the outer world and **WILL TO BECOME THAT WHICH GOD INTENDS!**

I am honored to be the first of the Elohim to bring to you today some knowledge of Our activities; to set into motion a rhythm in this series of addresses by which you may have for yourselves and give in printed form to the world (as you have so graciously done with the activities of the Archangels) the seven-fold service of the Mighty Elohim of Creation,—which is an individualized process of precipitation. This you can embody in your own mental consciousness to externalize that which you require.

Precipitation—Its Power Your Birthright

Beloved ones, We have come to a point where you who are the builders of the New Age must enter into the science of creation. The slipshod happenstance; the hopeful, faithful consciousness taking the bitter with the better, *is not enough!* Such consciousness must be succeeded by a scientific process of creation through your individual

mental and feeling worlds by which you become and remain Master! Then you channel for Us into the world of form, those ideas and patterns which will create the nucleus of the Permanent Golden Age which your great Master, Friend and Patron, Saint Germain so desires to make manifest. Through whom shall this Age come but yourselves? At this time, Saint Germain has no one else embodied here through whom He can work but yourselves—those who love Him and have served Him through the years. *You are the open door!* Have you thought that through? This means that your mind is a channel through which must be lowered the ideas that fill the Realm in which He abides and then through your minds, vitalized by your feelings, they must be precipitated into manifest expression for the blessing of life. Therefore, your minds may be trained in the use of the powers which are the gifts of the Elohim. Follow Me closely, now, please!

The Seven Steps to Precipitation

In all creation, where the Mighty Elohim embody Their Seven-fold Flames and Rays, there are seven "steps" to precipitation—seven consecutive processes. Each One of Us (the Elohim) embodies the masterful use of one of those "steps":

First: Preceding all manifestation comes the desire—then the **DECISION** and **WILL TO DO!** Preceding all activities in the outer world of form,

you, too, first desire and then make a decision to use your life to endeavor to externalize some pattern or plan. I represent that activity to the Elohim.

Second: Following Me, the Mighty Cassiopea gives the gift of PERCEPTION (ILLUMINATION)—the capacity to cognize the idea; to grasp it; to meditate upon it; and to draw forth the ways and means which will enable you to bring it most quickly and satisfactorily into form.

Third: After you have perceived, we come to the service of the Mighty Orion—DIVINE LOVE—the power of cohesion which draws the unformed into form. This is the power which draws primal life into the pattern or idea held in mind and sustains it there as long as desired.

Fourth: Then comes the activity of the Mighty Elohim of PURITY—the Beloved Claire. His action is to hold steady the clarified picture, not distorting it by any opinion or desire of the outer self; being a pure, clean pane of glass (as it were) through which that perfect idea is drawn down as a matrix; then filled in with light-substance and perfected.

Fifth: Next comes the activity of the Beloved Vista ("Cyclopea" as some of you have been calling Him), holding the CONCENTRATION (CONSECRATION) of the energies until the design is completed. His service is that which enables the mind to hold to the pattern and not fly off at a tangent to some other plan or scheme; the

channelling of the energies; the holding of the pattern until it is wholly completed.

Seventh: Then, for the purpose of precipitation, the activities of the Sixth and Seventh Rays are inverted and the Mighty Arcturus comes in now with the USE OF THE VIOLET FIRE, RHYTHM OF INVOCATION and PRECISION; the planing; the filing; the smoothing—perfecting the symmetry of the form.

Sixth: When it is all but completed, the activity of the Elohim of PEACE (Our Beloved Brother "Tranquility") takes the form, increasing it in beauty, harmony and service; sealing it within His Flame of Cosmic Christ PEACE. This enables the creation to be permanently sustained. Everything which is created in Heaven's Realm immediately begins to expand into greater and greater perfection and service. This is just the opposite of your activities on Earth for here, as soon as something is born or created, it begins to disintegrate and decay unless, by conscious knowledge and use of the Law, some self-conscious intelligence definitely commands its sustaining by conscious decree.

If you were to take up this pattern of precipitation and apply it to your every-day life—this pattern which We use in the creation of Suns, Stars and Systems of Worlds, you would see and experience the *scientific rhythm and precision* of creation according to the Divine Plan. Follow Our procedure through for the precipitation into

form of some constructive idea or thing which you desire to bring into manifestation; first, of course, asking your Holy Christ Self within to give you the picture of the perfect pattern or design of that which you wish to bring forth. You see, the primal idea is first accepted in the DECISION (WILL TO DO) of the heart; it is then PERCEIVED and studied in all its beauty; it is then drawn forth by LOVE; held PURE by the one-pointed consciousness of PURITY; then, through the power of CONCENTRATION it is nourished and fed; through the RHYTHM and symmetry of decree and application it is perfected; and through Divine PEACE it is sustained and expanded as a gift which can live for Eternity.

Importance and Power of the WILL

Beloved ones, if you were to *concentrate* upon the Law as We give It, you could come from a consciousness of limitation into one of complete freedom very quickly. It all depends upon how much you WILL TO BE; YOU WILL TO DO and YOU WILL TO BECOME!

As Lord Buddha sat in contemplation, searching for the fullness of Truth, it was His WILL which drove His consciousness up through every Sphere until He reached what He considered to be the "Ultimate". It would not let Him abide long in the pleasures of any Sphere of beauty which was less than the full perfection of the Heart of the Eternal. When He stood in the Presence

of the Angels; when He heard the songs of the Celestial Choirs; it was His WILL which enabled Him to forego the happiness and freedom of staying in those Realms. His WILL drove His consciousness through into the Heart of Truth. When He finally did stand consciously in the Heart of Truth and *realized Himself there* in that God-free estate, it was His WILL again which brought His consciousness back to Earth in order that He might give to mankind the Truths embodied in His experience.

It was the WILL in the hearts of Joshua and His followers which brought down the Walls of Jericho as they marched around them. It was the WILL in the heart of Jesus Christ which enabled Him to walk that road to Calvary; which burst the tomb asunder and which enabled Him to ascend into the fullness of His perfection (His Ascension) in the presence of some five hundred.

In the case of Saint Germain, at the time of His embodiment as Columbus—one fearless and determined man among many fear-ridden and doubting sailors—it was HIS WILL which carried His groaning ship, the Santa Maria, across the ocean. It was the WILL of the early patriots which brought forth America as a Land of Freedom.

That which a man WILLS—*he shall have*; for the WILL is the magnetic power of the Godhead in the heart which does invoke and bring to man that which he desires.

One day, on a small island in the North Sea

(Ireland), one man (today known as St. Patrick) stood praying earnestly for His people. He stood there in the Sun, in the rain and in the windy gale and even the coming of the Mighty Cosmic Being Victory could not make Him desist. Mighty Victory said to Him: "Patrick, descend again and do not press God further". Patrick, unmoved answered Him: "I WILL to remain here until I have the word of Almighty God that my people shall not know spiritual death!"

Again came the Great Victory and said: "Patrick, go down from this hill in peace". Patrick again answered Him: "I WILL to remain until my prayer is answered". Finally, He did receive that for which he had prayed.

It was the WILL of Moses on Mt. Sinai which brought to Him the Ten Commandments. It is YOUR WILL which has brought you to what you are today. You have used but such a small part of It! Ah, children, God's WILL for you is the fullness of all good; all opulence; all beauty; all freedom! Give Me the man or woman *who will not accept a partial payment from life!* He who says in the calm dignity and mastery of his own heart: "I WILL to be God-free"; he who holds his chin up, straightens his spine and proceeds along life's way refusing death; refusing dissolution; refusing poverty, limitations and chains;—such an one is Hercules embodied!

How long has man said *with lips alone*: "Thy Kingdom come; Thy will be done on Earth as it

is in Heaven"? *One man meant it—and, for Him it was!*

I FIRE you today with the realization that what you WILL to be, YOU WILL BE! What you WILL to manifest, *must come*, for it is Law!

Beginning of Earth's Creation

When the great Helios and Vesta were endowed with the power to create a Universal Scheme, They first called forth the Silent Watcher and, into Her great Cosmic Heart, placed the light pattern of the planets of the System They desired to create. Then They summoned the Elohim and Builders of Form. I, representing Them, came and said: "We WILL to do Your will. We WILL to externalize Your pattern and plan. We WILL to bring forth from the bosom of the Silent Watcher that which God and Your gracious Selves desire".

Then the Beloved Cassiopea, casting the golden beam of His wisdom into that pattern, helped Us to PERCEIVE the glory of each planet as God intended; the mountains, the rivers, the trees, the atmosphere.

Next the great Orion brought the Flame of DIVINE LOVE (COHESION) by which We drew, each in turn, the light pattern from the bosom of the Silent Watcher. Then We drew out of Universal substance the necessary ingredients to make the globe according to the Divine Design.

All the time, the great Flame of PURITY held

inviolable that Design so that not one mountain; not one tree; not even one blade of grass should be conceived out of *Our* minds (the Elohim) but all was made manifest according to the purity and clarity of the design of the God-parents of this System.

After this came the radiation of the Beloved Vista, holding that CONCENTRATION of energy; channelling it; calling the powers of the Builders of Form, the Angel Devas and the mighty Directors of the Forces of the Elements to serve until it was completed.

O, the great power then of Arcturus, planing and perfecting in RHYTHM of Invocation and Music until each tiny part shone and made the whole appear like a many-faceted diamond. When the creation was completed, it was set into motion by Our Brother "Tranquility" (Elohim of PEACE) through the Three-fold Flame within His heart. The planet began its revolution as the radiation of His PEACE flowed forth.

We, the Elohim, as the Universal Builders, have the Universal light substance as Our canvas; the Causal Body of the Great Central Sun as our paint; the Cherubim, Seraphim, Angel Devas and Builders of Form as Our brushes; the creation of Planets, Stars and Systems as Our work. The Music of the Spheres is the sound of the energies of Creation as they do their perfect work and all is done in such joy; in such harmony and perfec-

tion! That is how you, too, beloved ones, must one day create.

Seven Fold Plan of Creation is Universal

From the tiniest Elemental—the tiniest conscious being who desires to evolve, up to the greatest Cosmic Elohim Who works with Galaxies of worlds, the seven-fold pattern of creation exists. This Elemental, tiny as he may be, must WILL first what he chooses to do,—whether it be to design the smallest buttercup, the feathers of a bird or a willowy blade of grass. Then he must PRECEIVE the pattern which is held by the Deva Who is the Teacher in his schoolroom; he must have the power of LOVE within him to draw Universal light into his tiny pattern; he must have a clarity and PURITY of consciousness which does not choose to make a design different from that which can be of use in conformity with others. For instance, in the grouping of apple blossoms, if one decided suddenly to make a pear or cherry blossom in the grouping, he would be of no value to that particular pattern. Therefore, holding the PURITY of the design is so important, as well as the selfless serving, even in the tiny Elemental. Then come the CONCENTRATION,—holding to one pattern until it is completed. Next comes the PRECISION—the perfect symmetry of form so that the petals are even and the perfume pours out from it just as it does from the others

representing the same blossom; finally it is all sealed within the PEACE which gives that radiation to life.

In the Angelic Kingdom, exactly the same rule holds sway; the WILL to embody some of the nature of the feeling of God; the PERCEPTION of the Great Being Who represents and radiates that feeling; the LOVE which draws and holds that particular form together; the PURITY which does not change the quality, even for another good one; the CONCENTRATION which holds the feeling long enough so that it may be carried to an ailing child, a distressed parent, or wherever the need may be; the PRECISION in symmetry and RHYTHM of the release of that quality so that it can be a permanent blessing and so that it does not suddenly burst forth all at once but is gradually released for the benefit of those for whom it is intended; then comes the expansion of that radiation and its sealing in PEACE. The same procedure of creation takes place in the human kingdom, do you see?

It follows such an orderly pattern and plan. Those of Us Who have lived to create form for a Planetary System have been drawn into the atmosphere of Earth at this time because the theatre of Earth, as you know, is presently the Host to all Beings Who are desirous of bringing Her back to Her Divine Design before the Cosmic Hour when this Universe moves forward into greater light.

*Group "Forcefields"—Greatest Hope for
Establishing New Golden Age*

We are more grateful than words can tell that you have invited Us and given to Us your "forcefield", that through it We may give to many thousands of the people of Earth an understanding of Our specific service in the Universe. My Brother Elohim will follow Me in addressing you, each One in turn, enlightening you as to His particular service in the creative scheme. Then, if you wish, you may have this instruction put into printed form for distribution to the people of Earth as the gift of the Elohim. Through your devotion, you have already drawn forth the Presence, radiation and instruction of the Archangels, which is now also available in printed form.

In your innocence, you do not yet understand fully the importance of a "forcefield" to the Ascended Master Octave. It is a "pull" upon Our energies, which "pull" cannot be denied! That "forcefield" is proof to the Cosmic Law that there are embodied individuals who are interested in Our service to life; making an open door for Us through which We may give Our assistance to unascended mankind. It is also a radiating center so that when We do come closer into the atmosphere of Earth, Our gifts, radiation and power of accomplishment are not confined to the few who hear Our words but they become planetary in their blessings to the people.

Since the Atlantean days, these "forcefields" have been few and far between. On rare occasions, when great Beings like the Buddha, Beloved Jesus and some of your Saints took embodiment on Earth (before the victory of their Ascension had taken place), *Their auras were such "forcefields"* for the release of radiation from the Ascended Masters' Octave, as They allowed Themselves to become selfless "conductors". Thus Their personal auras rendered a very definite service to mankind. However, the conscious, scientific creation of a permanent "forcefield" through the energies released by groups of individuals in decree, song, visualization and contemplation, is one of the greatest hopes for the establishment of the new Golden Age upon the Earth; with the minimum of cataclysmic action taking place and with the opportunity for Us to enter into the affairs of men *before*, rather than *after*, world changes occur.

May I say to you whose lives are woven into this Activity here: Do you know that I can trace every one of your lives—your energies charged into this "forcefield" through the years—by your own electronic pattern and the color of your Ray? Ah, sometimes you wonder if your individual presence really means so much in the co-operative group. Sometimes you wonder if you would be missed! If you could see, as I do, each one of those "ribbons" of light representing each one of your lifestreams,—each time you are absent that particular "ribbon" does not have opportunity to

increase in momentum in the same manner as the others and the "forcefield" as a whole is therefore denied the blessing of your life.

As I settled into the comfortable radiation of your "forcefield" this morning, I confess I was amazed at the power and positive control of harmoniously qualified energy which has been drawn thus into the atmosphere of Earth. Even though I had heard about it from Others Who had previously visited you, it was an amazement to My consciousness.

Remembering Hercules as you move forward now, please do not accept such great limitation in your individual selves, *when you know it only requires the exercise of the WILL within you to draw forth ALL—ALL THAT YOU REQUIRE!*

I WILL TO BE GOD-FREE!

In the Name and by the power of Hercules,
I WILL TO BE GOD-MASTER!

In the Name and by the power of Hercules,
I WILL TO BE A GOD INCARNATE!

Say it with all your hearts! Mean it! If Buddha and Jesus did it; if Mother Mary and Kwan Yin (Goddess of Mercy) did it; if Moses and Saint Patrick did it; cannot you? Ah, yes, My children! You are the pillars of Hercules! You are Myself in action! God bless you!
