DEDICATION

This book is lovingly dedicated to the Seven Mighty Elohim of Creation, Whose co-operative endeavors created the planet Earth, as well as all the planets of this Solar System. Our book is also dedicated to those spiritually-minded men and women who desire to learn the Science of Precipitation and Etherealization from the Elohim Themselves; to those who will use the knowledge so attained to build and re-create upon this Earth the glorious Kingdom of Heaven which was here in the beginning and which shall now be the Permanent Golden Age for this planet and all Its evolutions.

The Seven Elohim are mighty Beings of Love and Light Who responded to the invitation of the Sun of this System and offered to help to manifest the Divine Idea for this System, created in the minds and hearts of our Beloved Helios and Vesta—God and Goddess of our physical Sun Itself. Through ages of time, the Elohim have learned how to successfully use the creative powers of thought, feeling, spoken word and action as God intended them to be used from the beginning and, in co-operative endeavor, the Elohim drew forth our entire System in perfect manifestation, of which System the Earth is just one small planet.

DEDICATION

Upon the Earth today, one of the great requirements of the lifestreams evolving here is to raise them out of human limitations, which mankind have drawn upon themselves by the forgetfulness of their Source, Its Divine Plan of perfection for them and how to fulfill that Plan. The only way to permanently raise any lifestream out of limitation of any kind is to teach him how to transmute his "old" *causes* of distress by the use of the Violet Fire and then set into action new *causes* (mostly invisible) which will create new effects for him in this physical appearance world, expressing as opulence, peace, good health, wisdom—on and on—ad infinitum. No type of subsidy and no means of security is ever permanent until it flows forth from the consciousness of the individual himself; because the gifts from any other members of the race are the *effects* of the benefactors' consciousness and, thus, only temporarily loaned to the beneficiary.

So, to enrich the consciousness of the individual until he becomes Master of his own energy within himself and learns to create *causes* which will manifest as these constructive *effects*, the Elohim graciously have chosen to present to mankind the Science—the way and means—by which They achieved the manifestation of our Solar System.

Call to these Great Elohim in all the sincerity of your hearts! Daily invoke Their light and understanding to come into your own consciousness! Then practice the Science of Precipitation

DEDICATION

and Etherealization as set forth in the following pages of this book, omitting no one of the Seven Steps and prove to yourself that man is the Master of his own fate, as well as the Captain of his own soul.

The student should remember always to study the *motive* for which he desires to learn how to precipitate and etherealize. If he is too close to his own personality or too wound up in self-love, such a student may not be able to clearly discern the true motive for his search for precipitating power. However, before and during his experimentation with the Law as presented here, such an one can and should ask for the removal from his own lifestream of the causes and cores of all selfish and impure motives, known and unknown.

Throughout the ages, many individuals have learned a part of the Science of Precipitation but, through selfish and impure motives, the use of their powers has not been permanent and the soul itself has suffered much by the use of this partially developed talent for selfish gain.

Those who want to use this Power of Precipitation for the enrichment and illumination of the entire human race will be blessed indeed and their supply of money and every good thing will constantly increase as they use the knowledge they have gained. This will give them complete freedom from dependence upon others of their fellowmen for the supply of the good things of life.

DEDICATION

Then comes the most subtle part of this whole activity—*how will such increased supply and perfection be used?* Remember Me in that day!

Unto mankind We now humbly offer the words of the Elohim Who created the planet Earth—giving Their knowledge as to how They accomplished this great manifestation of perfection; also presenting a way and means by which mankind can become spiritual partners with Them to manifest greater glory on the Earth for themselves and all the evolutions using the Earth as their "school-room" at this time!

Lovingly, hopefully, sincerely—

INTRODUCTION

In January 1986, several students of Ascended Master Teaching received the prompting that there was an urgent need to reach out and present this teaching to additional students. It was decided to simultaneously publish six books, this one included. These books were published many years ago, but unfortunately, were not circulated on as wide a basis as possible. Now is the propitious time to circulate them on a large scale, as the Masters had urged from the beginning. Two books were last printed in 1957, one book (until two years ago) was made available only to members, only two of them were translated, none was available in bookstores.

The material for *The Seven Mighty Elohim Speak* was given by the Seven Elohim through the messenger of the "Bridge to Freedom", Geraldine Innocenti, prior to 1957. Our love and gratitude pour forth to the Seven Elohim, the Seven Archangels and to the Seven Chohans, who, for long periods of time have radiated a particular God-Virtue (Quality) to the Earth.

The reader may achieve the greatest benefit from this radiation by reading dictations of these Great Beings or by wearing the color (a scarf or a tie will do) of the day (see chart). By giving loving attention to these Beings and Their outpourings, the student becomes a magnetizing and radiating center, blessing the entire human race.

The chart has been adjusted to take into account certain changes in the offices of Earth's hierarchy, which took place in 1956. Sanat Kumara was released from his voluntary exile and returned to Venus. Lord Gautama assumed Sanat Kumara's position as Lord of the World, Lord Maitreya became the Buddha, Jesus and Kuthumi filled Lord Maitreya's position as World Teacher and Lanto and Nada filled the vacancies, as Chohans.

PREFACE

There exist many different strata of consciousness into which mankind "tunes" the mind. For instance, kindergarten children are all more or less interested in the activities presented to them by their teachers, parents, guardians and associates. In like manner, patriots tend to "tune in" to the consciousness of all patriotic inclinations—contemporary, as well as those which have achieved certain perfections of government in the past; scholars "tune in" to the consciousness of all teachers, past and present; people with humanitarian interests are brought together by their likeness of endeavor; architects, scientists, ministers, spiritual pioneers,—all are drawn by the magnetism of common interest to the strata where others, thinking and working along similar lines of constructive activity, draw their inspiration and impetus toward accomplishment.

This is equally true with regard to the Higher Realms of Light which are defined in various ways, according to the spiritual, religious, racial and personal development of the individual and collective groups seeking Truth.

Each lifestream's consciousness is like a cup and the vibrations which enter into his conscious-

PREFACE

ness will have an affinity to the vibrations of his own world. Therefore, the finer and more spiritual the consciousness of the "receiver", the more perfect the reception of Truth into that consciousness, where it is either developed and given forth for the blessings of mankind or it remains a dream or vision unfulfilled.

There are certain lifestreams in embodiment upon the planet Earth today who have been prepared over a period of many, many embodiments to receive into their consciousness the higher vibrations, instructions and guidance from Celestial Beings; then such lifestreams present to their fellowman the Truths given to them by Superior Beings for the blessing of all. Some do this through music, through art, through writing, through lecturing and the various media afforded them (by circumstance and co-operation of others so interested in a similar endeavor), thus choosing to be pioneers into the "spiritually unknown".

The individual seeking guidance must use the God-given gift of discrimination to test the instruction! The strata of consciousness which is reached by any spiritual pioneer and his fellow-servers will be determined, primarily, by the purity of such an one's motive; as well as by the capacity to receive into his brain consciousness and translate into words, the Divine Truths actually projected from the Higher Realms through the outer consciousness of the "receiving center". It is as mechanical as the radio or television—

PREFACE

except for the factor of the personality of the "receiver"—which factor, of course, does not exist in the radio or television.

For many ages, during various physical embodiments, such individuals have been able to contact these Divine Beings through the up-reaching of their consciousness . . . and the Truths thus revealed and presented through the various media afore mentioned are the result of such endeavor.

The Seven Elohim Who volunteered to cooperate with the Sun God and Goddess of Our System (Beloved Helios and Vesta) have so used such an individual to direct Their instructions to the mankind of Earth who wish to benefit by the knowledge of how to use the Science of Precipitation and Etheralization which the Elohim used in the creation of this Planetary System. This book is the result of such spiritual research and the consciousness of the reader will truly determine how much or how little of the light of the Elohim he can and will accept at this time. For reasons of eliminating personality, the "receiver" of this instruction has been asked to remain anonymous . . . for it is the gift, rather than the channel through which it flows, that will be of blessing to the people of Earth. As soon as a personality is placed, like a shadow, between the instruction and the Instructors, there is always the tendency on the part of the student to judge the instruction by the habits and nature of the personality. Man does not ask

PREFACE

the source from whence water flows; nor from whence the Springtime comes; nor from whence comes the harvest which he gleans. He just enjoys the gift! So let it be now! Accept and use the gift here given—enjoying the fruits thereof!

THE CROWN OF THE ELOHIM

Upon the forehead of every individualized God-intelligence there is a beautiful crown of Light upon the front of which are seven Flames in the colors which represent the Seven Rays of the Elohim.

The First Ray is represented at the left side of the forehead by the Blue Flame of Hercules; then follows the Sunshine-yellow Flame of Cassiopea; then the Pink Flame of Orion.

The center Flame on the front of the Crown is the Crystal Flame of Cosmic Christ Purity, within which is held a focus of the All-Seeing-Eye of God. Around this Flame there ascends a radiance of the Ray to which the individualized life-stream belongs. Next there follows the Green Flame of Vista; the Golden Flame of the Elohim of Peace, ending on the right side of the forehead with the Violet Flame of Arcturus.

As each Elohim, Archangel and Chohan pours forth the radiation of His Ray on the successive days of each week—beginning with the Blue Ray of Hercules on Sunday, each of these Rays on the foreheads of mankind is successively nourished and expanded.

This "Crown of the Elohim" of which we speak is not visible to the average physical sight of unascended mankind but It may be clearly seen by any and all who have their true "inner sight" well

IMPORTANT!

May we alert our Gentle Readers to the fact that the inversion of the Sixth and Seventh Chapters of this book IS NOT AN ERROR! The reason for this unusual arrangement is clearly explained in several of the addresses of the Beloved Elohim.

OUR LOVE TO ALL THE ELOHIM

Our song of love 's to all the Elohim—
Blest Hercules, with Flame of Blue;
To Cassiopea, Flame of Wisdom;
And dear Orion, of God's love so true;
Beloved Elohim of Purity;
And Mighty Vista, Heaven's Son;
To Elohim of Peace eternal;
And dear Arcturus—LOVE TO EVERY ONE!

Thou Master-builders of Creation—
From Whom came Earth, Air, Sea and Skies;
To Thee we sing our adoration—
Our Friends of love, so patient, strong and wise!
We thank Thee for Thy ever-presence,
(Thy Ray is anchored in each brow);
Let all Earth's evolutions bless Thee
With gratitude and praise—ACCEPT THEM NOW!

Our "I AM" Presence—Heavenly Father—
Help us like Elohim to be;
Reveal Thy Plan Divine and help us
To now fulfill It most obediently!
By Violet Fire remove obstructions
And quickly now make all things right;
Enfold in Elohim protection
All God's creations—RAISE THEM INTO LIGHT!

Our gracious Alpha and Omega,
Our Helios and Vesta dear!
Flood now Thy oceans of perfection
To our great Elohim for service here;
And to their Complements of beauty—
Magnificent beyond compare—
All blessings of God's love enfold Them!
Make Earth victorious—THIS OUR EARNEST PRAYER!

These Blessings Are for You ~

GENTLE READER:

Now, since it is the great and impersonal desire of all Ascended Beings of Light and Love Who have set Themselves eternally free from every human limitation by the use of these same Laws which They now so graciously offer us for use so that we may enjoy a like accomplishment, will you please—every Gentle Reader of this book—just consciously, joyously, lovingly and gratefully *accept* for yourself, individually and personally, every blessing recorded upon the following pages which were originally given to those who were privileged to hear these words for the first time. *Please do this* and have the tremendous assistance which those blessings will bring into your daily experiences, right here in this physical appearance world. *Accept them as though they were meant for you alone* and then USE THEM for the blessing and freedom of your fellowman. Thus you will be of such tremendous assistance in *being* and *expanding* "The Light of God That Never Fails", individually for yourself and collectively for all; setting our dear Earth and all Her evolutions more quickly free. Thus, too, will you be able to say with Beloved Jesus: "I AM the Light of the world"!
