## BELOVED CYCLOPEA

O Vista, (Cyclopea), God's All-Seeing-Eye—  
Thy radiant light now floods the Earth from Realms on High.  
We love Thee, we bless Thee, Beloved Elohim;  
We now find in mankind some souls through whom we can  
begin  
To magnetize and vitalize God's Heavenly Love,  
Released in joy from Mercy's Flame above.  
O Elohim of perfect sight and melody—  
O, Vista—Blessed One—We all love Thee.

The perfect eye and perfect ear are Thy design;  
And Thine the power, every hour, these to refine;  
The feeling of healing is also Thine to give,—  
Perfection's resurrection now blaze—through all—O make it  
live!  
Release, increase acceptance of Thy every gift,  
For such co-operation would all lift.  
O make us strong, all free from wrong, supplied by light—  
O Vista dear—*now* help us "make things right!"

Expand it now through every brow, O Vista dear—  
Thy Ray of Green that keeps serene; dissolves all fear.  
To others, our brothers, and all that we pass by—  
Blaze to us and through us the comfort that God 's always  
nigh!  
Release the Music of the Spheres in sweetest sound,  
That everyone may hear the world around.  
Draw all mankind's attention to God's Heavenly Plan  
Held by the Elohim since Earth began.

O Heavenly Friend of Light and Love—make all now free;  
Draw all our Earth and all upon It unto Thee!  
It 's thrilling, joy-filling, to hear about Her birth;  
The story of glory—the first creation of our Earth.  
Thy oceans bright of Cosmic Light around Her swirled  
Will bring again Perfection to our world.  
O Vista, Mighty Elohim! We now implore  
Assistance never come to Earth before!

Gifts from our Sun, Most Holy One, from Earth we call;  
Love's blessings to Thee, Thy Heart-Flame and Elohim all.  
Archangels and Masters and Cosmic Beings free,  
World Saviours and Devas,—all Heavenly Hosts now bow  
to Thee!  
The Sun God and Sun Goddess of our System dear  
Send Envoys of God's Love to bless Thee here;  
Through Helios and Vesta for all Thou hast done—  
All blessings from the Sun behind the Sun!

MELODY: "When Day Is Done" (old song).

Nov. 21, 1954

I AM "Vista" (known to you for many years as  
I. "Cyclopea"), the All-Seeing-Eye of the Eternal  
God! I have come this day from the Great Central  
Sun (the Sun behind the Sun, as It is some-  
times called) as a Cosmic Messenger, rendering  
the great service which is performed each Christ-  
mas Season when the highways between the  
Galaxies are opened and the Great Golden Doors  
which separate the Solar Systems are swung ajar.  
Then, great Beings Who are naturally held by the  
cohesion of Divine Love within the orbits of  
certain planets are now given freedom to travel  
between planets and Systems; thus enjoying the  
glory of Cosmic friendship in Universal service.

At the opening of the Feast of Shamballa each  
year—at the celebration of the Christ-mass—the  
Solar Systems open the Cosmic Highways. May  
I explain to you just a little of what this means in

relation to your own rather limited knowledge of Science?

The gravity pull of Earth which holds the physical forms of your Evolutions upon the planet during the course of embodiment, also—through magnetic attraction—holds those unascended life-streams who particularly belong to Earth's evolutions, even though not in embodiment at this time. These latter abide in the atmosphere of your Earth at different levels of consciousness. These "levels" are sometimes referred to as the "Inner Realms". Similarly, there is a like power of cohesion which holds within the compass of each Solar System those intelligences, even God-free, Who are rendering service to the Evolutionary Scheme. The Cosmic currents which surge like great tides through the Galaxies so far beyond the comprehension of your finite minds, are very powerful; so much so that even Intelligences of great light might be swept out into a different course from which They began, were They to proceed against the cohesive power which is the governing order of the Galaxy, the Solar System or the Planetary Scheme. So, at the time of the Christ-mass, there is a great Cosmic Dispensation granted and the "King's Highway" (We might say) is opened from the Central Sun to every Sun beneath It in this Galaxy, as well as to Their planets. Certain magnetic currents are then established through those Highways, so that those Intelligences Who wish to travel, may do so in

safety and not be swept into other Cosmic tides. As these Intelligences are thus enabled to visit other Stars, Suns and Systems, They associate with Friends Who are there, some from the Angelic Kingdom, Ascended Masters and Cosmic Beings. This also enables such "Travellers" to visit and participate in the activities of the Ascended Master Retreats on Earth which are active during this time, ministering to the unascended evolutions of our planet. These experiences are the gift of the Cosmic Christ to These Intelligences Who serve. Each year, some Being is appointed and given the opportunity to go from Sun to Sun and open those Highways with the Cosmic Wand of Authority. Today, because of the magnetic pull of your love for Us, your invitation to Us to come to you here and the tenacity of your natures (proven through the years of service which tenacity is one of My qualities and part of My nature) I have been given the opportunity of opening these highways this year, as Messenger of the King.

Even now, as I stand before you, come the "Elect" from every System—not all coming to the Earth, no!—but to visit and enjoy the Sacred Week of Harvest here and the Holy Days. Along that pathway come also those Great Ones Who will enter the Sacred Halls of Shamballa and pay homage to Sanat Kumara—(blessed be His precious Name!) and to the Spiritual Hierarchy Who serve with Him, thanking Them particularly for the tremendous accomplishments of this year.

Over that Highway will come Cosmic Envoys from other Systems, Who will bring greater assistance for 1955. This could not have been offered were it not for the tremendous manifest works brought about by the willing co-operation of unascended lifestreams and God-free Beings. Through the endeavors of presently incarnated chelas, lifestreams have been released from the "Compound" who have been bound there for millions of years!

Not lightly does the cohesive power of love draw the attention of Cosmic Beings engaged in service of such great import and extent that your sweet minds could not possibly comprehend them at this time! Not lightly was the consciousness of Victory drawn to the Earth by Our Beloved Saint Germain in His desire to give assistance to mankind! Not lightly do the Archangels break the silence of the ages and enable you to give on the written page (as your gift to your fellowman) Their words and some little description of Their activities! Not lightly come the Elohim from the Heart of Celestial Heaven into the atmosphere of Earth, explaining to finite minds the orderly procession of precipitation in creation! Yes, We do love this Earth more than anyone else, except perhaps the Beloved Helios and Vesta, the Seven Archangels and the Silent Watcher, Who holds within Her bosom *even today* the Divine Plan and Immaculate Concept for Our dear Earth.

You see, the Earth was created by Our very life; builded from Our energies and vital force,—for

millions of years was Our energy woven into Her rivers and mountains, Her great seas and vast plains. After so many millions of years spent in loving and sustaining this planet, We would not like to see dissolved the handiwork of Our love, just because of the ignorance and shadow-creations of Her evolutions, any more than you would like to see dissolved that to which you had given so much of yourself. So, in part, it is a natural activity for the Elohim to come to Earth again to those who want to transmute the shadows and free this planet, returning Her to the perfection She once knew in the heart and bosom of the Silent Watcher, even before time was!

#### *The Seven Steps to Precipitation*

Today, I stood in the atmosphere of Earth and, impersonally looking upon that lovely Silent Watcher, I thought back upon that day when the first call came from the God-parents of Our System (Helios and Vesta); when We willed to be a part of Her creation. I thought upon the time when, with Hercules, We said: "Yes, We WILL to serve"; when the great WISDOM (as well as PERCEPTION and ILLUMINATION) of Cassiopea showed us clearly what was to be done; when the LOVE of Orion stirred within Our hearts an intensified willingness to leave Our activities in the Cosmos and, *rhythmically*, give whatever service was required to bring that small but beautiful

"jewel" (your Earth) out of the unformed into the formed; when We looked through the Crystal Ray of PURITY and saw the Divine Design and Immaculate Concept of Helios and Vesta for the Earth and Its evolutions. We found that Divine Plan to be good and beautiful and that it would make the Earth a literal "jewel" in the planetary System. Its gifts of light, perfume and music would add to the beauty of the Galaxy—part of the great necklace of the Cosmic Sun of the System. We knew then that it would be Our great joy to create this "jewel" and bring Her to Her greatest perfection, adorning the Solar System.

Then came My activity. I am He Who is known as the Ray of CONCENTRATION. Of course, after My service comes that of My Illustrious Brothers—the Mighty Arcturus of the Seventh Ray (representing RHYTHM OF INVOCATION and TRANSMUTATION BY VIOLET FIRE) and the Elohim of PEACE of the Sixth Ray, Whose service is to seal the finished creation in the protection and perfection of Cosmic Christ PEACE.

*Energy Dissipated Without Concentration*

*What can be accomplished* on Earth, even in mundane activities of your daily living, *without CONCENTRATION*—from the smallest task of learning a recipe for your kitchen fare to the greatest dexterity of technique which produces lovely music; to the greatest development of

science; to the magnificent perfection of the educator, preacher and statesman? If there is not CONCENTRATION, there is only mediocrity; only the bare surface is scratched. However, those who determine to rise above the masses, take one facet of living and masterfully develop it; deciding within themselves to excel at least along one line of expression. So, they dedicate themselves to this end, consecrating their lives, attention and endeavors, their time and substance; all to achieve this one definite purpose.

According to the CONCENTRATION of those energies is their development; is their mastery; is their efficacy. How often is it said of someone in the world of form that he is "Jack of all trades but master of none!" Looking as I do, both in My capacity as Elohim (the All-Seeing-Eye of God) and My activities with the Karmic Board, I see so much that is just at the point of being precipitated into actual manifestation. Then, suddenly, the CONCENTRATION is dissipated; the attention is drawn away from that which has been deliberately designed and actually begun to be lowered into physical form. Thus the once desired manifestation is abandoned before it can actually appear here.

After We had looked into the beauty and perfection of the Divine Design for this planet through the current and Ray of the Elohim of Purity, what *could* come next but CONCENTRA-

TION,—the drawing of energy and concentrating it around those convex Rays which had been established as the form of the Earth? We had to CONCENTRATE light substance to make the planet solid enough to be able to hold sea, land and general physical form. If We had proceeded through those first four steps (the WILL TO DO; the PERCEPTION as to what should be done; the joy of serving in LOVE; humble enough to do it God's Way—in PURITY) and then had refused to CONCENTRATE upon the task until the planet finally began to revolve upon Its axis; until Virgo and the Beings of Nature had perfected It; until Amaryllis had experimented with nine hundred Springs—what would have happened? *There would have been no Earth!* Yet, even you who are today the maximum development of CONCENTRATION in the West (so far as the student body is concerned)—you have only touched the fringe of following things through to manifestation!

It is Law—actual scientific Law—that what you begin *can be accomplished*, when it is in agreement with God's Plan to bring perfection forth; whether it be healing, precipitation, financial freedom, eternal youth, the restoration of a limb—*it can be done*—but the "stick-to-it-iveness" (which is such an important activity of My Ray and the qualification of the energy of My life) is required to produce these.

### *Greatest Obstacles to Successful Precipitation*

Now, what are the obstacles which are encountered in the unascended state that delay your endeavors at instantaneous precipitation? They are mostly discouragement and doubt. When that upon which you work and which comes from the seeming "invisible" does not appear according to the outer mind's reckoning of a time limit, sometimes the project is abandoned just as it is ready to come "through the veil" into the physical appearance world.

I have seen men and women on the verge of great financial mastery, stop working on their project *just within an hour* of receiving their financial freedom! I have seen individuals, working in Retreats, draw currents for healing over quite a period of time. Then, because that healing seemed not to completely manifest quickly enough for them, they wholly abandoned their work *just five minutes short of a Cosmic manifestation!* Often, such a manifestation, if it had been sustained in faith and constancy, would have revealed much Truth to the consciousness of the race as a whole and would have been of great help to them. The "invisible" Realm is almost filled with uncompleted prayers; with beautiful forms which have never been brought into outer manifestation.

How many of you—(*I know*, for I see with the All-Seeing-Eye)—how many of you, just during these addresses, have decided upon some pattern

to manifest—have begun to build it—and have already abandoned your project? Those patterns are floating in the Causal Body “forcefield” of this group and will be dissipated because of the lack of your attention which feeds your life into them; unless you pick them up again and either complete them or return them to the unformed, through the etherealizing power of the Violet Transmuting Flame. If you do not reclaim them, your pattern may be picked up and completed by some magnetic lifestream in the outer world and *that other individual then will be the beneficiary of all your work!*

Beloved, sometimes people speak of “strokes of luck”—usually great flashes of financial relief and release which they suddenly receive. Sometimes this comes about because—often—another individual has worked for years upon some project, building a momentum of constructively qualified energy thereby, only to suddenly cut the strings and break the line of CONCENTRATION and attention upon his work. This allows that picture (pattern or form) and momentum to be loosed from his consciousness and float away unclaimed into the atmosphere; to be picked up (mentally) by some other lifestream at the last minute of its preparation—just before it physically manifests. *Then that one reaps where someone else has sown!* As a matter of fact, there is a man right here in your City of Philadelphia who utilizes the benefits of this very Law of which I speak and, through it,

he reaps where others have sown. In so doing, he breaks no law, because it is like the unclaimed money in many banks which simply lays there, particularly in the Chancery Courts of England. If no one wants it, some alert lifestream might just as well claim it for use.

*Concentrate! Follow Through!*

*I implore you—you who decide upon some pattern and plan of manifestation—Follow it through! Follow it through! Follow it through! CONCENTRATE* upon your design for precipitation until you have brought it into fulfillment. *Rhythmically* work upon your project, but *not for long hours at a time* so that you become so tense and filled with anxiety that you neutralize your endeavors.

You have been told that, when We created the planets of this System, We came in *rhythm* and it was the power of My Ray of CONCENTRATION which drew and coalesced the actual form of this Earth. After all, what are mankind's bodies but forms of concentrated energy? This energy, as you know, is drawn forth from the heart of your Presence. Once you have determined to bring forth some constructive manifestation, follow through in the Name of God! Follow through in the Name of God! FOLLOW THROUGH IN THE NAME OF GOD! Stop sitting by the wayside resting, when you are on the verge of Victory!

Do you know the CONCENTRATION it takes to bring forth an invention; to bring forth a scientific discovery to the race? Do you know the CONCENTRATION it took to hold the vision for America? Many of you shared that vision and were a part of the "heart-center" which held that vision for the others.

Now, CONCENTRATION and CONSECRATION are almost one and the same, beloved ones; because, first of all, whatever you are going to do that will amount to anything *requires the CONSECRATION of your life* and that you have not understood deeply enough. It is the CONSECRATION of all of your energies to the manifestation of something which will give you mastery over this world of form. Do not feel that to desire mastery over financial lack or mastery over appearances of physical distress in the restoration of health—is selfish, because the full-gathered momentum of your mastery becomes your gift to the consciousness of the race at large.

So long ago that I can scarcely remember the time, I learned the power of CONCENTRATION which later made it possible for Me to give to you your planet Earth. Who knows but that even within this room today there may be an Elohim for tomorrow's world? I see several for whom it could be possible.

As you are listening to Me today, from Archangel Raphael's Kingdom (Whose specialized quality is CONSECRATION), We have con-

nected a beam of energy with that portion of My Ray which is anchored within the forehead of every incarnate lifestream on the planet today. This is the focus in every physical form where the true *inner sight* once functioned freely but this *clear inner sight* has been dimmed by mankind's misuse of energy all through the ages creating shadows in the consciousness by his use of discordantly qualified thought, feeling, spoken word and deed. As this shadowed substance increased through many, many embodiments, it gradually became what is now known as the "human veil".

This is simply an accumulation of too slowly vibrating energy which has formed within the brain structure itself—this denser substance shutting off from physical sight the Presence of the Cosmic Beings, Ascended Masters, Angels and the perfection of the Realms which abide above this physical appearance world. Through this service which I am rendering here today to you, I am also endeavoring to clear the inner sight as much as possible, particularly of the "mystic", of the metaphysician and those who have "stepped out" of the consciousness of the masses, desiring a clearer concept of Truth. I am also giving this assistance today to the great Leaders of the Orthodox channels of religion; endeavoring to give them as much understanding of the Great Law as is necessary to convince them that *We are* and that *We are ready and willing to assist mankind*, by offering the full power and pressure of Our light and feelings of

Mastery over everything human, thus helping them to find their way back to the complete freedom which God intended them to enjoy from the beginning.

*Thank God for His Great Mercies!!!*

As some of you know, I am also the Elohim of Music and so My activities and talents are quite diversified. Through the recent release of your marvelous decrees and lovely songs which you have directed right into the "Compound" itself, We now have one hundred fifty individuals who have come out from that unhappy Realm. Personally, I would like to congratulate you on your use of music in this instance and for this purpose, as music does not create the antagonisms in their feelings; which antagonisms I hope you will never have to see! These lifestreams will now enter the Halls of Karma this Saturday evening at the same time the ceremony at Shamballa takes place.

As a result of your service tonight, just as I entered your "forcefield", We received a merciful grant for the benefit of the incoming children. One hundred thousand of those who would otherwise have been blind will be born with sight; fifty thousand of those who would have been deaf, will hear; fifty thousand of those who would not have been able to speak will now have the gift of speech and (almost the greatest of all to Me)—two hundred thousand of those who would have

been mentally ill will come into physical birth with their minds balanced and sane. I am so grateful to all who have made this possible! (Audience arose and stood for a few moments in silent gratitude.)

*Yearly Informal Gathering at Shamballa*

Beloved ones, while you are standing here, the love and light of the King's Highway (now opened), is releasing the gifts of Its light to the Universe. At this time Shamballa's blazing Altar holds upon It the Immortal Three-fold Flame of Life which the Beloved Sanat Kumara has brought here from Venus and sustained by His very life all through the ages. That Great One now walks among His guests, greeting and blessing them. The Masters, too, greet each other and walk arm in arm. Some of them have not seen Their Friends for a very long time, having been engaged in specific services in various places; also the Angels and Devas (in restraint, but yet in great joy) meet and clasp hands . . .

Tonight this is an informal gathering. All of the Great Chohans, all of the Great Masters, all of the Angels connected with Earth's evolutions, look forward all year to this annual return to Shamballa. In a way, it is similar to the way you feel when you are returning home, only much more joyous and glorious because each one knows something of the great welcome He will receive

from The King and tonight all are in informal attire. Most of those present are in long, white tunics or tunics of various colors.

The Beloved Lady Venus has come and She and Sanat Kumara have been walking together among the guests. Someone has placed a beautiful lei of flowers around Venus' neck. Beloved Victory is also present. Many of your more recently Ascended Friends are at this gathering tonight, especially all of those from this group here who have Ascended some time since and, when you leave your body tonight while it sleeps, you, too, will come and join Us.

The doors have been opened now to the Great Central Temple wherein abides the Great Sanat Kumara. Those of you who are familiar with the procedure here will remember that a bouquet of the favorite flowers of each Master is precipitated before that One as He or She enters the Temple. This is a personal gift from the Host, Sanat Kumara. So, everyone is adorned with flowers. Some of the Lady Masters wear them in Their hair, if it is piled high upon Their heads or, if the hair is loosely worn, They wear the flowers as a corsage. Some of the Gentlemen wear them in the belt of their magnificent tunics.

All the air is filled with such joy because, as each new-comer enters and sees a Heart-friend, there is a burst of music. This outburst of melody is a natural expression of their feelings of gratitude for this blessing of renewed friendship. There

is that feeling of reunion after having been separated by variations of service in the field for so long. In the background there is soft music playing—instrumental music only. However, in the distance you can hear the happy singing of the Cherubic Choir. Wherever great numbers of the Cherubim are gathered in Cosmic activity (especially at Shamballa) They express Their happiness in song. It is just Their natural expression of joy. You can hear the overtones of that beautiful music in the distance as the Cherubim float in the atmosphere.

Beloved Lord Maitreya is also here tonight in informal attire, wearing golden sandals and the white garment which is deeply embroidered in purple at the bottom and at the cuffs of the sleeves. This color brings out the magnificent violet of His eyes. The eyes of Lord Maitreya are beyond description in their beauty, I think.

To night's activity is preparatory to the great formal ceremony of next Saturday (Transmission of the Flame Activity)—but the Flame is already present upon the Altar and Its radiation is a tremendously vivifying blessing to all. As you look at the festivities and see everyone with happy, smiling faces, you will note that, once in a while, a quiet group will enter who stand by the great pillars and do not seem to mingle with the Guests. These are chelas who have left their physical bodies while they sleep and have been drawn here by directing their attention toward Shamballa

before entering sleep, *hoping to get there!* They are a little on the timid side and they stand on the fringe of the activities. However, a little later, they will be approached by one of the Angelic Envoys and drawn into the happiness of the occasion. Later this evening, you too will come to Us in your finer bodies.

Every Guest who enters Shamballa brings Our Beloved Host a personal gift. The harvest of this year's endeavors will be brought to His Altar next Saturday (Transmission night) *but these gifts* of which I now speak are *personal* to Him. Sanat Kumara already has many leis of flowers around His neck; He wears flowers in His hair and carries others. Sanat Kumara is so gracious—He never refuses any gift that is given—however small it may be. From time to time, Beloved Meta (His daughter), Beloved Lady Venus (His Twin-Flame) and some of the Others relieve Him of this "overflow" and They bank them upon a table which is near by. Then, in a moment or two, He is literally covered again with these beautiful expressions of love.

The Archangels and Archaii are here; the Seraphic Host in Their great dignity are present also. Beloved Maha Chohan appears with unbound hair tonight. This is most unusual for Him in a public gathering. Pallas Athena (His Twin-Flame) Who usually wears Her hair piled high upon Her head, is wearing it just hanging down

Her back tonight and it is held together at the nape of Her neck by a jewelled barrette.

Now, I am told that Our gathering here will listen if you care to sing your song to Beloved Sanat Kumara and send your love here. This will help you to prepare for the greatest Transmission of the Flame activity this Earth has thus far known. (Group sings to Sanat Kumara)

All of these happy, smiling Friends at Shamballa are now sending their positive, powerful feelings of love to you which I know you do feel. Consciously accept it and ask that it be eternally sustained, all-powerfully active and ever-expanding.

By the way, dear hearts, when Our beloved Guests *come* to Shamballa, They use the music of that lovely melody from Lemuria ("Auld Lang Syne") and when they *leave* Shamballa, they use the melody "God Be With You 'til We Meet Again". You have "tuned in" to this in your selection of the music of that hymn as your closing song in your meetings.

Now, as you move freely about in the heart of Shamballa tonight, tomorrow night and Saturday, you will bring here the harvest of your year's endeavors. Just think how much that is this time—every lifestream incarnating on Earth this year has taken the vow to serve Sanat Kumara; hundreds of the "Sleepers" have arisen from their beds (some of those have been sleeping for cen-

turies); thousands of discarnates having been removed from all of the continents; and one hundred fifty of the most difficult of the lifestreams from the "Compound" are now willing to enter the Halls of Karma and stand before the Karmic Board. This is a mighty harvest for which the Karmic Board as *One* (and I, as Their Spokesman) give you Their eternal gratitude.

PERSEVERE IN WELL-DOING! You have proven to Us what *can be done*. This coming year more children will be born with better bodies—with limbs that are straight and strong; with eyes that can see; ears that can hear; lips that can speak; hands and arms perfect and not withered and with balanced minds which will be able to consciously connect with the God-self. Besides all this, there has been the dissolving of the great cloud of that shadowed substance over Africa (the Third Episode of Washington's Vision Itself). This latest accomplishment took place within the last two weeks. *O, what a harvest!* No wonder there come to the Earth *now* Cosmic Envoys from the Great Central Sun! WEARY NOT IN WELL-DOING! PERSEVERE! When your manifestations seem to lag, think of Me and say: "If Vista had not persevered, my feet would not be standing on the Earth today—nor could I look at the blue sky. There would be no America and no focus on Earth for the Freedom Flame. Vista had no more with which to work than I have—He

had only light, CONSECRATION of purpose and CONCENTRATION of energy to *follow through, follow through, follow through to Victory in God's Name!*"

I thank you.
